

We are dowry Law victims.

Tuesday, October 04, 2005

AJ - Bangalore

My wife has filed a charge sheet against me and my family members citing dowry harassment. We have completed 8 years of marriage and we have a male kid (7). After our marriage she had stayed with me in Bangalore for 5 years. For the past 3 years, she is working in pune, in a good job. Her parents stay in Delhi. She has always hated me from the beginning.. (it was an arranged marriage) and the last 8 years have been hell for me but I suffered in silence for the sake of my kid. My kid has stayed with me throughout except for last year when she forcibly took him and went. Now I brought him back and he has been staying with us for the past few months. I have told her that I will not send him back. Since then, she and her family have been threatening me that if I don't give back my kid to them I would have to face "consequences". Then, 3 policemen from Delhi came to our house with handcuffs and tickets to take us all to Delhi. Luckily I was not at home during that time. They waited till the night and then went away. Since then we are staying in a place which she doesn't know. We are trying to get Anticipatory bail. She is doing this in order to make us give her my kid. She is an arrogant woman and she has always ill treated everybody including my son. He is scared of her and does not want to go back to her. She is doing this to shame us publicly so that we would give up my kid in order to avoid further harassment. But I am determined to fight to the last. She cannot take my son away from me. It is not conducive to his welfare and wellbeing. I have the following questions:- 1)Can she file false dowry case even after completing 8 years of marriage and a 7 year old kid? 2)Can she file it in Delhi even though she is staying in pune and I am staying in B'lore? 3)Is there anything else that we can do other than applying for AB 4) How to stop her from harassing us again.

Thanks in advance  
AJ - Bangalore

Rakesh Dhir - Jalandhar

I had submitted all medical proofs of my wife being treated for psychosis before marriage and the treatment she had been undergoing for the last 13 years since her marriage. Moreover, I had requested the police to record the statement of my son (12 yrs. old) which would prove how she was assaulting us daily. I had also submitted a photograph of her assaulting us. Still, the police while noting that she had made allegations of mistreatment without submitting any proof registered a FIR u/s 498A. They arrested me at 11 PM and my son remained alone in our house for 2 days until my sister arrived from Delhi. The police produced me before the magistrate the next day and got a police remand for one day. I was put in the police lockup with petty criminals and pressurised to take my wife back. Next day they demanded further police remand but I was sent to judicial custody. After spending one night in jail amongst hardened criminals I was granted bail. Its against the rules of natural jurisprudence and the provisions of our constitution to deprive a person of his liberty without the due process of law. I would suggest the we should open branches of PSS all over the country where free legal and other aid should be provided by charging a nominal fees to meet the expenses.

She files a false (100%) 498A case against us.  
We obtained Stay on Arrest from Allahabad High Court till Inspecting Officer (IO) submits the report to Court.  
IO has conducted the investigation and he is well aware that the case is totally false. Now we do not know what report he will be submitting. Either he will submit FR (Final report - saying the case is false or will make it a chargesheet).  
What should we do now?

There should be amendmend in this IPC act. Now onwards Coming year I want to get married. After this I have to think about marriage. Now I lost my faith in Indian judicial system. Once I left this country I'll never come back which i loved very much. But I think this place is full of corruption and bias. Any person like me who hates dowry (it's a bhik )and honestly wants to live life can trust law. Now I think marrying in this county is stupid thing until these laws exist in this country.

**Naga Suprasidh Gopireddy**

After 3 1/2 years of marriage and constant suspicion of me having an "emotional affair" with a friend who live in india when I live in the US ( atlanta ). This added by the fact that she wanted me to invest in her dad's failing business and help in setting up a business for her elder brother in large sums of money, my denial of the above , my wife Namratha Annapareddy d/o Annapareddy Hanimi reddy ( a powerful and polictically connected man ) have registered a false complaint of dowry harrasment against me and my family with the sheer purpose of extorting money from my family. This was clearly stated by her dad's brother Mr. Sai reddy a retired DSP from the Andhra predesh, who has been going around with a few cops threatenning women folk in my family and freinds. Please adive what my next steps should be and how I can prevent this harrasment by the cops.

The inlaws are calling me on a daily basis and harrassing anyone and everyone whos related to me , and they are shamelessly mentioning to us that the sole purpose is to extor money and torture our family 'cos I didnt give in to their demands. how do I get this into public attention. My best bet is go to the papers with this and get them out in the public with names and photographs. Please suggest how I should proceed.

Regards -- Suprasidh.

I got married a year ago, my wife wants me to stay in her parents place. Before marriage my wifes parents came and fought with me for silly reason, when i spoke to her jovially. After, that they came and they forced my parents to get married. After, getting married in more than a year she might have stayed in my house only for 20 to 25 days. I'm scared where they might file dowry case against me and my parents (my mother is a patient). Can u give me some suggestion? She is rich and her father is a government officer. Now she is not talking to me and not coming. Can I know, is it legal right for wife to stay in husband's place or it is her wish to stay anywhere.

MUKTA KAPUR

Name MUKTA KAPUR

This arrogant daughter-in-law with almost no proofs made a fake Sec-498a complaint, cried with commissioner of Delhi police and almost made innocent parents in-law residing separately in tamilnadu sick and hospitalize.

After 3 years abroad, and after making enough with her husband, bcos of some silly personal fight she went back to India and made a false complaint with the police having bribed handsomely they went to parents-in-law arrested and hospitalise.

This is the new trend of threatening blackmailing innocent husband and in-laws.

Ask your nearest police station about IPC 498a and make instant cash today!!!

I WAS MARRIED IN MARCH 2004. MY WIFE IS FROM DELHI. IM WORKING IN DUBAI AND DELHI IS ALSO MY PERMANENT RESIDENCE. THINGS DIDNT WORK OUT. I SUGGESTED HER MUTUAL CONSENT DIVORCE BUT SHE REFUSED. NOW MY WIFE HAS FILED A FALSE DOWRY COMPLAINT THOUGH IVE NOT ACCEPTED 1 SINGLE PENNY FOR ME OR MY RELATIVES. THE FIR IS STILL NOT REGISTERED. THE POLICE HAS ASKED US TO INFORM WHAT ARTICLES OF JEWELLERY FROM HER SIDE AND STRIDHAN ARE WITH US. SOME ARTICLES SHE HAS ALREADY TAKEN AND SOME ARE WITH ME AND SOME LIES IN THE LIST. IM READY TO RETURN ALL OF HER JEWELLERY FROM HER SIDE. ABOUT STRIDHAN, DO I HAVE TO CONFIRM TO POLICE NOW WHAT ARTICLES OF STRIDHAN ARE IN MY POSSESSION OR CAN I AVOID THIS NOW, BECAUSE IM AFRAID AS SOON AS I CONFIRM THE LIST THEY WILL FILE THE FIR. CAN THE POLICE FORCE ME TO GIVE THEM THE JEWELLERY AND STRIDHAN BEFORE THE MATTER GOES TO COURT? WHAT R MY CHANCES OF PROVING MY INNOCENCE AND WHAT ALL PROOFS WILL BE REQUIRED IN THE COURT? HOW LONG THE MATTER MIGHT TAKE IN THE COURT? SHOULD I TRY TO SETTLE OUT OF COURT TO CONVINCHE THEM FOR MUTUAL CONSENT DIVORCE WITH SOME ALIMONY? I WILL APPRECIATE IF YOU CAN REPLY MY ABOVE QUESTIONS AND ANY OTHER SUGGESTIONS.

1. Case in Women's cell filed by my wife in Chandigarh in early May 2005.
2. Went for (so called) reconciliation meetings on 20 May, 03 June, 07 June, 28 June and finally 11 July (I couldn't attend and was forced to come on 12th July).
3. Parents and brother got interim bail in mid-June.
3. FIR was filed on 10 July evening (Sunday) and I saw it in newspaper on 12th July morning. So didn't attend the meeting in Women's Cell.
4. Lawyer got the copy of FIR and surrendered to Court in Chandigarh on 13th July even though IO showed she went to Delhi to arrest me. I was taken into Judicial custody.
5. IO came to court on 14th July and took me in Police Remand for 8 days since recovery of articles was to be done at 2 places - Bangalore, Delhi.
6. Travelled to Bangalore and couldn't reach on 21st July to be presented to court. So, IO got police remand extended in Bhilwara (Rajasthan).
7. Reached Chandigarh on 23rd. Bail application was

- filed. Public Prosecutor said he wants to contest the bail but hasn't prepared the reply. So was in judicial custody over the weekend.
8. Got regular bail on 25th July amid protests from in-laws side.
  9. Family's anticipatory bail came for hearing on 27th July. Judge mentioned that I understand your apprehension that my wife will go out of India with our US born daughter (Both me and wife are Indian citizens, no green card). With suggestions from lawyer, I finally decided to handover my daughter's US passport and visa on 4th Aug if that would help my family get bail.
  10. SSP ordered change of IO (In-laws are quite influential in Chandigarh).
  10. Family got anticipatory bail on 4th Aug again after various protests from IO and in-laws. Judge granted anticipatory leaving clause that IO can do investigation further, if required.
  11. Now, 29th Aug is fixed for parents and brother to appear in Women's Cell for regular bail. Came to know that IO is changed again. Not sure if this is a pro or a con. 2 Investigating Officers changed in 1 month.
  12. On 29th Aug, formal arrest will be done and family will be released on bail (I hope so, if all goes well - Not sure what can go wrong).
  13. Also, heard that in-laws plan to go to High Court for cancellation/reversal of bail orders for family and also influencing IO (2nd IO) to do so. Probably they got IO changed if this 2nd IO was not relenting.
  14. Any ideas if all will go well with the regular bail of the family.
  15. Is chargesheet filed on same day? What are the next steps before the trial starts?
  16. My own date for hearing is 23rd Sep.

P.S. She lived with me for 3 months in Bangalore and left house on 16 Aug'04.

Regards,

Rakesh

Respected Sir,

With due respect,i would like to bring to your kind notice the PLIGHT OF INDIAN MEN.yes,its about the men who are suffering at the hands of the females.in this day,when all the light is being focussed on the security and safety of women from the barbarious males on spree of raping and molesting the females,no one is bothered about a very small chunk of males who are being harassed by their wives and her family.there have been instances when the girl and her family have filed a false Dowry harassment case against her husband and his family members.take for instance the case of Major K S Gill and his family.as reported in The Times Of India 2 weeks back,the dowry harassment case against him and his family members by their daughter-in-law was found out to be seemingly motivated and eventful by Honorable Additional Sessions Judge,Shri Narottam Kaushal.i know this Major personally and also know how everything has been fabricated against him and his family.

this kind of cases are being filed too frequently now just to gain some or the other benefit.

i wont be taking any names but one of my very close relatives is also undergoing the same trauma.he belongs to a very reputed family in a town of north and works in the armed forces.wont be telling you the force.he was married to a female from the same town 2 years back,and it was an arranged marriage.just few days after marriage,the girl started throwing

tantrums that she was married against her wishes and that she did not want to get married. after much pestering, she stopped throwing tantrums but she and her mother used to do create one or the other confusion in his family. he was most of the times on his posting as his job required it. this female and her mother took advantage of this and created all sorts of problems. later when she went with her husband to other posting, she started spreading rumors that her husband was involved with some other female, her in-laws have tortured her a lot and many more things which was not true. i know this because i have been witness to nearly all this. for past 1 month, she has been staying with her family because she doesn't want to stay with his family moreover, the guy and his family fear for their lives as she can stoop down to any level because they have seen her past actions. now her family is threatening the guy to keep her according to their wishes and many other conditions or else they will file for dowry harassment case. the biggest surprise of all this matter is that at any point of time, neither the guy nor his family members had or have demanded dowry. his family is much well to do with his father being a government officer, he himself a reputed person and his brother and sister well settled with their jobs. the girl's father had given a car and many other things in spite of repeated requests that these things were not needed as they had everything. now the girl's father is threatening to take legal action. the options left with the guy are-

1: he keeps the girl against his wishes with fear for his and his family members life

2: they go in for an out of court settlement, which could be exorbitant considering the fact that the girl and her family are very greedy

3: they go to jail. now considering the state of affairs and all the kind of law this is, they all will land in jail, and bail in this case is very difficult if not impossible. the onus lies on them to prove that they are not guilty. the girl and her family has no problem whatsoever with anything.

suppose out of pressure and force and to avoid all these court proceedings and our not so friendly police force, the guy keeps her with him and then one morning we come to know that he has been poisoned or he has committed suicide, then who is to blame for this???

All our ministers and Women Welfare Organizations talk of upliftment of women but who is going to look into this matter? our judiciary and police are pro-female then where should these harassed people go? in today's date, all protection for women is required but who is to be blamed for all the misuse of such laws? women demand equal rights and they should have it but why this step-motherly treatment with guys when it comes to dowry or other false implications? not all dowry cases are true, not all in-laws demand dowry, not all in-laws are butchers and devils? they are also human beings then why such discrimination??

I have written to you with the hope that this matter is brought to the light of people.

I'll be highly obliged if you could forward this letter to concerned people, people in judiciary, women welfare organizations, esp Shrimati Brinda Karat and concerned ministries.

I'll wait for a reply

Thanking you

I am an Advocate BA LLM & Law Lecturer in Punjab University Regional centre but alas i have also been trapped in Misuse of 498A IPC. The institution of marriage is being ruined by misuse of this law and this do not take in consideration about human feelings as man is not a robot and tend to feel angry and feel like taking revenge in a tide of anger but when one wakes up the both partners and both families find that they have been harassed a lot. I feel both Hubby and wife must be given a second chance to reconsider and if

they still disagree they must get separated insted of making rounds of Courts. it will be in the larger interest of both Families.

Continuous harrasment to me and all my relatives by my wife and her relatives. Wife is very ruthless, short tempered, think irrationally, use abusive language, highly unrealistic demanding, dominating and behaves crudacely to me and my relatives. She threatens and always tries to take my control and harrasse us. Her relatives support her in every action against us despite her such attitude and behaviour. She says she does not like me and did not actually wanted to marry me. But due to pressure from her relatives she has continued with me inspite of my freedom to her. These six years she has made our life a hell and takes revenge on us inspite of doing every good for her. She conspires against us and black mail me for meeting her unjustified demands. Please help us.

After marriage, she stayed for 4 days. After that, she went to her parents (maika) by her father, brother and sisters came to take her there for the purpose of taking her B.A. final Year Exam. During her 4 days of stay she refused to perform any marital relation. I visited her many times to take her to me but her parents refused and she supported. I also stayed there for a few days but they dint behave normally. I was married on 8.12.03 . I had filed a petition for restitution of conjugal rights after a long wait of 10 months. After being summoned from court, she filed a false dowry case against me, my parents, and sister- jijaji. Anticipatory bail of sister and jijaji was granted but, me and my parents were rejected from Additional Session judge. I approached to High Court where we two were called by Honable judge. Wife agreed to join her marital home and judge had stayed the concerned case for 3 months. Honable judge has helped save my marriage. There months are going to complete. And my wife is living happily with me and me too. She has accepted that it was her father who had made her file this false dowry case. But, Now what should be done? Should she accept that She filed a false dowry case under 498a, 406, 3/4? I am afraid if there is any punishment for this acceptance to her? Now we both want to get ride-of the legal process? what should we do ? pls help.

My self vijay Prasad I married to a Patna Based girl and without dowry because it was a close relationship from my Mother's side. i married to this girl just in the pressure of My Mother as I have the only brother of 5 sisters. I'm diploma Mech. from banglore and never stayed in Bihar. I'm staying in Delhi since last 10 years and before this I was in Banglore. I refused my girl friend to marry as, i didnt want to hurt my parents. Can you imagine I'm six feet tall with atheletic body and my wife is 4-1/2 feet small with exactly bihari features. I tried to adjust with her but could not because she is living with her parents since last five years as she cannot adjust with my parents , she cannot wake up early in the morning .she cannot prepare too much food for all family members and also she feels more comfortable in patna as it is a very advance city than any other place in India etc. Her father proposed me to settle down at Patna with them which i refused and result my parents have been arrested in 498A in Buxar and I'm tring to look for anticipatory bail . as i'm here in Delhi. Also I lost my left eye in a serious eye accident on Diwali night of 2003. i was lying alone in the Guru nanak eye hospital and had to go to two major surgeries. But My wife didnt come to see me, when I needed her best. I filed divorce case in april 2004 and afterthat they filed 498A. Now as I just started my career again here in Delhi after that accident, I can not go to Patna to get arrested myself as I can loose my job here. Also whatever i earned before I spent that in my accident so I'm financial tight also. Can you tell me how court treat in Patna in 498A. also how can I know the status of my case. Please give me advice.

Hi,  
My wife last year filed a false suite of 498A & 406, 125 against me & my family in Rajasthan. Our's was an internet mairrage where there was no dowry. I have got all the necessary proofs which to prove the case is false. As we stay in mumbai they are just harrassing us. Every month we have to travel to rajasthan. Is it possible to seek an early trial for the case so we can prove that all the allegations are false.  
Pis. advice me. If you have some one in mumbai/rajasthan who can guide us for the same, it will be really very nice.  
Thanks

I just feel helpless,am trying to find good defense counsel who can help us fight this case and expose her. Any help would be greatly appreciated from heart.

Since my wedding my mother-in-law had been demanding me to provide their support for their family. I heeded to their request since i was a NRI and didnt want any problem back home. Recently my mother-in-law and wife demanded 25 lakhs from me and when i refused my wife took my kids and went to her mothers home and filed and legal noticer against me. I am totally baffled that a wife of 13 years can do such thing to me just for the sake of money.

Dona Swamy

Sir,

My brother got married on 6th Nov,2004 for two months my sister-in-law was very nice to all of us in the family. Then she slowly started mentally harrassing my parents who are sick and also mentally harassed my brother and when her younger sis got married on 10th Feb,05 she started behaving wierd and harrassed everyone in the house and being a school teacher as her timings were 9.30 a.m to 3.30p.m she never returned before 7.45, 8, 9, 10,11 p.m on this it led to arguments as my mother or brother when asked she used to not give any reason at the most she used to say is meetings. Her mother also backed her too much and on 8th April,05 her mother and brother came and took her away to her place with all her belongings and also went to beat my sick parents, argued a lot. Then my SIL and her mother after some days went to their native place in kerala for a month and never bothered to meet our church priest on appointment also she used to not come. Then she did visit when we dont call and then after coming from Kerala she went and filed 498a against we all sisters in the family. We all are working for reputed organisations and parents are dependant and also other sisters are studying. She says she is stubborn and want to see us in prison. The inspectors are trying to bribe by saying u clear her demand as she is asking some 4/5 lakhs and close this matter we don't have any savings and struggling to live our life. We are just praying how can we get help please reply on this. My brother is the only son in our family and we are 6 sisters one elder sister is married and we 5 sisters are yet to get married. out of all 3 r studying.

Please help us and advice.  
Sincerely,

Swapnil.P.Kulkarni

I address yourselves to current predicament as a result of improper actions and abuse/negligence of authority and position by police personnel of Pune with no regard or respect for law thus resulting in harassment, intimidation, threats and contravention of personal liberties and persons rights. On January 20th 2005, it came to my attention when the police came and arrested me & my sick mother whose both kidneys are failed & my sister who has two daughters of 3 yrs & 10 yrs of age that a false case is registered against me for dowry demands. I would like to state some facts regarding the case:

- FEW IMPORTANT POINTS WHICH I WANTED TO BRING TO YOUR KIND ATTENTION
1. WHY DOES PARENTS FORCE THEIR DAUGHTER'S IF THEY DON'T WANT TO GET MARRIED. IN SUCH CASES PARENTS SHOULD BE PUNISHED AS THEY ARE ACTING AGAINST THEIR DAUGHTERS WILL. WHY ME & MY FAMILY SUFFERING IN THIS.
  2. WHY IT IS LIKE THAT ONLY COMPLMENT FROM WIFE IS TO BE REGISTERED IN POLICE STATION & NOT FROM HUSBUND, AS I HAVE BEEN TOLD BY POLICE OFFICER THAT YOUR COMPLMENT WILL NOT BE REGISTER AS ALL LAW IS IN FAVOUR OF FEMALES YOUR COMPLMENT WILL NOT STAND ANY VALUE.
  3. MY FATHER IN LAW HAS LAUNCHED FALSE COMPLMENT IN LOCAL POLICE STATION IN MUMBAI (VILE PARLE EAST POLICE STATION) & AFTER INVESTIGATION IT WAS FOUND THAT HE HAS LAUNCHED FALSE COMPLMENT AS HIS DAUGHTER THAT IS MY WIFE STATED IN POLICE STATION THAT I HAVE NOT TAKEN ANY DOWRY OR ASKED ANY DOWRY TO HER OR HER PARENTS.
  4. DOES THE LAW PERMIT TO ARREST A FEMALE WHOSE KIDNIES ARE FAILED & GIVEN COMPLETE BED REST & ARREST A FEMALE WHO IS HAVING TWO SMALL DAUGHTERS & WHAT IMPACT THAT KIDA WILL HAVE ON THEM .NOW HER YOUNGER DAUGHTER WHO IS 3 YRS OLD SHE IS SO MUCH AFRIED OF POLICE IF SHE SEES ANY POLICE MAN SHE HIDES AS SHE THINKS THEY WILL COME & ARREST THEM & TAKE TO POLICE STATION.
    5. IS THERE IS ANY LAW STATING SUCH THAT AFTER MARRIAGE A MAN HAS TO FORGET ALL HIS BLOOD RELATIONS & IF IN THAT CASE WHAT HIS PARENTS WILL DO ?
  6. GIRLS MOTHER & FATHER SEE THAT BOY IS FROM GOOD FAMILY BACKGROUND & EARNING WELL & INSIST DAUGHTER TO MARRY THERE & IF SHE DOSENT WANT THEN WHY BOY & HIS FAMILY MEMBERS HAS TO SUFFER A LOT BECAUSE OF THAT GIRLS MISTAKE.
    7. IS THERE IS ANY LAW WHICH CAN STOP ALL THIS PROCESS?
  8. IF U TELL THE GIRL TO WEAR ORNIMENTS THEN ACCORDING TO WHICH LAW IT LEAD TO CALL GIRL PROFFICION , MEANS HUSBAND DOSENT HAVE RIGHT TO TELL HIS WIFE TO WEAR MANGALSUTRA & BINDI IF SHE IS NOT WEARING ? THEN WHAT IS A MEANING OF BEING A HINDU & STAYING IN INDIA.
    9. NOW A DAYS GIRLS MOTHER& FATHER MADE A PROFFISION BYE USING 498a & STARTED ACTING LIKE A PIMP.
      10. I AM ASKING FOR JUSTICE I REQUEST THAT FROM BOTH SIDE PLEASE CONDUCT ENQUIRY IT IS MY HUMBAL REQUEST.
      11. WHY ONLY FEMALES HAVE RIGHT TO ABORT CHILD WITHOUT ANY REASON & IF SAME IS DONE BY MALE THEN HE IS ARRESTED UNDER SECTION 315 WY IT IS LIKE THIS.
      12. IF THESE CASE WILL CONTINUE THEN NO BODY WILL MARRY ANY POOR GIRL, I DID BECAUSE I WANTED TO BRING UP SOMEBODY IN LIFE AND I HAVE PAID THE PRIZE
      13. MY FATHER IN LAW IS AN HALF LAWYER SO HE DOSENT HAVE TO SPEND ANY MONEY ON LAWYER BUT WHAT ABOUT ME.
      14. IS THERE IS ANY LAW WHICH KEEPS SUCH BINDING ON THIS TYPE OF CEIMINAL ACTIVITIES.
      15. MY LIFE IS RUIND NOW WHO IS RESPONSIBLE FOR THIS?  
ABOUT MYSELF

I am Swapnil P. Kulkarni 34 yrs old, respectable citizen of India, working as merchant navy officer, my pan number is ADTPK4191J.  
ABOUT MY FAMILY

My father expired in year 30th September 1990 & from that I am doing job in merchant navy. In my family I have my mother who is 60 yrs old & both her kidneys are fail & doctor gave her complete rest. & my sister married in 1993 December & happily staying with her husband & having two daughters one is 4 yrs old & other is 10 yrs old. & my brother in law is a software developer.

ABOUT MY WIFE FAMILY

My wife Mrs. Soha Swapnil Kulkarni / ( teja shrinivas phatak ) age 26 yrs was working in Pune hospital before marriage & after marriage also working in Pune without my knowledge & left my house on 3rd July 2004 & did not came back. During this time she was staying in hostel in Pune instead of having her house in Pune.

My father in law Mr. Shrinivas vasudev phatak before working in AG office in Mumbai & was staying in kaylan had lost 2 cores Rs. In shares & lost everything, so left Mumbai & shifted to Pune. In Pune he work as social worker helping poor girls & teaching them how the law is use against your husband to get money from him. This is told to me by my wife. He doesn't have any law degree only by reading HINDU MARRIAGE ACT he gives guidance to married women's & that is what he do as social service. There is a

Respected Sir,  
I have been married for about an year. After falling apart with my wife, I have been forced to avoid arrest under a false dowry case. I was married on the 22nd of June 2004 and have been away from January 2005. I am an MBA, have studied in premier Indian institutes like DPS RK Puram, SRCC , MDI, Sherwood College. There has been no incident of either me or my parents demanding dowry or physically or mentally tormenting my wife. Likewise there is no grain of truth in the false accusations made. They simply have fabricated all those things and have had a warrant issued against my family with no shred of evidence. Please mail me the best course of action.

Thank you

My brother was married a year back...It was a very simple wedding and we had no demands whatsoever from our side since my brother is settled and has everything..My sister-in-law turned out to be very different from what we thought her to be. We only wanted a simple, homely girl who would be another part of our family.But she did not take care of my brother, would quarrel, misbehave with my mother etc.After 9 months she left and went away to her parent's place without asking my brother and when my old mother was suffering from high fever. And now today after 3 months her family has filed apolice case against us alleging that my mother and brother used to beat her up and make demands for dowry. We are a very simple family and really don't know what to do. It feels sad that inspite of doing nothing we are having to go through this.Somebody please help..

Sir,

I am one of the victims of IPC498A. I am journalist & I have married after love affair. My wife belongs to the different caste. Her family membrs are opposite to my marriage. One of her relatives is enemy in the sense of my profession i.e. journalism. My wife has no influence of marriage relation. she is highly influenced by her relative inspite of I complete her education. she was interested to get permanant job as teacher but the policy of Govt. of Maharashtra changed & this profession became on contract basis. The feelings of uncertainty made her womble. she went to her relatives of motherhood & they advised her for divorce. I love my wife & she too. Bur the castism made trouble for my married life. They have made bogus case against me under IPC498A. from that time my wife is not living with me. Is it moral thing that missuse of IPC498A law spoils the relationship? Is it moral to give divorce for that case which is made for the purpose of divorce? I think the court have to charge the case against them for misguide the law & order. It may possible to charge the case under law of Immoral trafic of women & girls as wives are willing to marry once more by misuse of this law.

plse guide me to be seperated about 18 months due to the misuse of this law is viable to the demand of divorce? I want my wife with me as my family but her brother & sister dont want us to be together. How to rehabilitate my family life?

Is it possible that a Girl who lived with a boy abroad  
and has two kids can come back to India and put a false case against the Boy and his parents/family ? Yes it can happen and this has happened with my brother recently who lives in Australia.

My Brother is living in Australia since July 2001 with an Indian Girl and they were blessed with 2 kids in the due course. We ( my self and parents)do not know what kind of relationship they shared? recently i.e. last Nov. 03 mother of the girl went to Australia and tutored her daughter to come back to India / Dubai. Both girl and her mother planned something and had put a case in the Australian court that my brother had hit her mother. Any way this false allegation could not stand in the court and the case was withdrawn by the girl and her mother by giving a statemnt in the court that they made false allegations on my brother. Girl and her mother came to India in the month of March this year and had put a case in CWC ( crime women cell) under section 498A of IPC that all the members of my family including My parents, sister, her husband and myself used to torture her and used to ask for dowry even when she was in Australia. She also stated that her father had given dowry or lstridhan to my parents on her wedding with my brother worth lacs.

I'm not able to understand that why CWC did not investigate into the matter in depth instead CWC filed FIR against all of us?

The reality is that we even do not know when and where the marriage took place and who all attended the wedding of my brother.

Actually my brother told us that they were married but where they go married and when they go married no one knows ?

In the complaint itself the girl mentioned that she married my brother 2 times. Both the times in India.

I met the girl only twice only, once in Australia when I had visited my brother for 4-5 days only and later when she and my brother came to India on our family function for 3-4 days only in 2002.

Is there any respect remained in the hearts, minds of Police / CWC for the IPC OR simply any one girl can file a case agsinst anyone and get the other person in trouble.

The reality is that the girls who are being really harrassed by her in laws do not go to CWC because of their own commitments towards their parents / families and on the other had girls like my brother partner, even without have any bonding can go to the court and sue. THIS IS NOTHING BUT ABUSE /RAPE OF IPC 498A. Why is Govt. sitting idle and not taking action against the Lawyers and the girls abusing the IPC 498A?  
Why the girls not accountable for abusing IPC498A ?

During my experience I came to know that various women lawyers attract such kind of foolish girls and instigate them to go to CWC and what ever any compromise happens between the girl and her inlaws, a comission with some percentage shall go to the lawyer.

We are not able to understand what shall be done to overcome all this? My parents are above 60years and never expected this to happen in their life.

I hope this message comes in light and is seen by some reasonable authorities /people who can suggest / take necessary action against the people abusing IPC498A.

hi,

I am going through a severe problem in my Life. Is there any help line for Men in Delhi for fighting against false dowry cases. I have been repeatedly getting threat calls and harrasment from my wife's borther and father. They say that they can any time file a dowry case against me and I will not be able to do anything because it is a nonbailable offense and does not require any kind of proof or investigation. They want me to stay away from my parents. Just 8 days after my marriage, my wife kept the proposal "YA TO MUJHE LE KAR ALAG RAHO, YA FIR MUJHE MERÉ PARENTS KE PAAS CHORD KAR AAO, MUJHE YAHA NAHI REHNA." After that she went to her father's house (INDORE) for 1 month. Recently she came back, stayed for 6 days and again kept the same proposal "MUJHE YAHAN NAHI REHNA" and called her borther and went along him to his place (in Delhi). Her father and brothers are supporting her and provoking her to do such things. My father is a cancer patient, recently he suffered kidney failure and needs special attention, he is diabetic for the last 20 years and six months ago he lost his eyesight due to longstanding history of Diabetes, and my mother is a heart patient and recently she has developed tension headaches, she has started getting fits due to tension. My wife has gone back to her borther's house who stays in delhi.

My wife is very abusive to my mother and never respects her, keeps saying something bad to her. I'm afraid she can even harm her because during my office hours I am not at home.

They are a big time liar, at the time of my marriage they told me that she is 1973 born but later I found out that in three different Matrimonial Ads her date of birth was different(1971, 1972, 1973) I feel I am being cheated, I still 15 of 39 her actual date of birth. Her

qualification was told to be Msc, but now she says she has done B.A home science.  
Her Brother keeps on threatening me saying that he is a very influential person and says that he has good relations with CM. He has told me to give an answer in clear Yes or No, whether I will stay away from my parents or not.  
Please help me and tell me what shall I do in such a situation.  
Is there anybody who can help me  
I am very depressed and feeling very low, I don't feel like talking to anyone these days. I thought of committing suicide many times but then if i die, who will take care of my parents. I dont konw what to do in such a situation  
Financially also I am broke because I spent huge amount on my marriage and after that on my father's treatment for cancer and kidney failure.  
Please Help

Hello,  
I am Rama. My sister-in-law filed a case on my family in Feb'03 with the sessions 498A and 307. Still the case is running. Currently there is High court stay order on 307. In the FIR there are so many allegations which are not true and we have proofs also. One of the proof is that, during the dates mentioned in FIR, I am not in India it self.  
I am software professional and residing in US. They are demanding very huge amount.that 50 lacks.  
Otherwise .. they are asking my brother come and stay with them. After observing the 2 years , they will with draw the cases on us.  
But My brother is not at all interested to stay with her. He is ready to die, But not ready to stay with her.  
I would like to know your advice on these thinks.  
1) How long this case will go? And how long the stay order is valid.  
2) Any precautions we need to take while taking with them (i.e. sister-in-law side).  
3) Is telephone recording is valid proof? If so, I will try to record when they demand next time.

Awaiting for your valuable advise.  
Thank you very much.  
With Best Regards,  
Rama.

I am shocked at the way the police handled the case without any investigations whatsoever.  
An unthoughtfully designed law (weapon) without any counter checks.  
What is the punishment for the women and THE PEOPLE BACKING HER in the event of proving the charges (cruelty towards wife for dowry)?

My wife has turned out to be cheat. After signing an agreement for separation,in which she has agreed that she doesn't need maintenance, she has now said that they were forced to sign on blank paper. Also she is threatening me and my parents of harrasment even though they have hardly stayed with her and I left for job in morning and came in evening.  
And that I am an impotent person for which I have certificate to prove that it is false.  
After all these false allegations, and once proved that they are all false what can be the punishment she and her parents can be entitled to.  
Also, is it possible that I can get freed from this marriage once I prove that she has misled the court and is keen on harassing me. I also have substantial statements about her cruel treatment towards me  
Hoping an advice on this soon

My younger brother's wife recently filed an FIR at Kesinga(Orissa) Police station to harass all the family members.Complain includes demand of Dowry,Attempt to murder besides torture,which are baseless. The girl including her parent's are very stubborn & arrogant.They are very rich. they have interferred in the day to day matters of husband & wife and have misbehaved the husband on many occasion. About 10 days back the threatend to file FIR if the unreasonable demands of their daughter are not met and finally on 22nd of june 2005 they filed the FIR against my brother,father,mother,myself and my wife.The girl has complained of attempt to murder,Physical torture besides demand of dowry against all the family members.It is worthwhile to mention here that We are a family of professionals,my father is a reknowned tax consultant of the area, myself is a chartered accountant and my brother is also a chartered accountant.The girl is an undergraduate and his father is a businessman.They are maligning the image of my family by going to press and are indulged in character assanition of my husband and my wife.now we have applied for anticipatory bail in the orissa high court and are out of town till the bail petition is heard.Meanwhile they have arranged the Electronic media. The people have gone to my town in our absence and interviewed one or two lady from a "lady organisation" of the town besides putting their side of the story.These channels have been asked to show us in a very bad taste besides showing as absconder(FIR has been filed only on 22/06/2005. this will break us completely even before the trial commence.i have a two and half month old child. PLEASE HELP IMMEDIATELY.

One simple thumb rule is: The girl's mother is dominant with a big ego ( or short tempered) and her father is a henpecked husband. This combination makes the house unstable because of over emotionalism. Henpecked men being suppressed develop vicious traits. So, while mother-in-law remains dominant and arrogant, the father-in-law behaves viciously. Girls subconsciously seek men who are similar in behavior to their fathers. So, a girl from this kind of a house has a greater chance to have serious marital problems as she needs a henpecked husband. If the person is non-assertive and gender equality oriented, then this humility is often considered as a weakness in above kind of families.

My story begins on July 2000 when I got engaged. My wife is a Doctor, having one younger sister unmarried, no brother. I am also a Doctor having two sisters both married, my parents are retired teachers. We got married on 19-01-2001. After marriage slowly slowly I came to know that she is from such a family where Female Rules. My father-in-law is on a high post in electricity board, now retired, but my mother-in-law, a house wife, is such a dominating lady that my father-in-law does only things which she wants. These people are so possessive towards their daughter that they feel satisfied only if she keeps on telling them each and every happening in her family. On many occasion I found that my mother-in-law starts behaving in such a way that even a lay man can judge that she needs a psychiatrist consultation and whenever I, as a Doctor, pointed out this to my father-in-law, he just told me that he knows her that he knows her for the last 35 years and according to him if you do all things which she wants, she will remain OK. Because of her superiority complex, and just to seek our attention towards her, always making some tact so that her daughter's thoughts remain around her, trying to keep her daughter away from my parents and my relatives tactfully and above all her henpecked husband's vicious behavior, these things were the roots behind the disturbances in my family. Previously I was thinking that my wife is a Doctor so she will manage her in nice way but later on I felt that instead of taking right steps, my wife is trying to manipulate me and my parents according to her mother's will. My mother-in-law started brain-washing my wife and in spite of my best efforts to stop her, she succeeded in her mission. When I got married, I was doing my P.G. in Orthopaedics at Medical College in H.P. through All India Exam. At that time I had one unmarried sister and my parents, at my hometown in Punjab. Immediately with in 6-7 days after marriage, I and my wife came to H.P. We use to go home in Punjab for 2 or 3 days, after 2 or 3 months, and we never have any problem during these visits. I never told my parents regarding my mother-in-law's behavior. My wife remained with me for 1 year and 6 months and then once her parents came and she left to her parent's house with her all valuable belongings, at that time I was not at home. They never contacted my parents. When she left me, after 2 weeks of that my sister's marriage was there, but she did not turn up. After 4 months I indirectly contacted her but when I talked to her I realize that she still supports her mother and she thinks that what ever her parents have done, is right. After 8-months of separation I came to know that she has taken admission in 3 years P.G. course in Anatomy in her hometown where her parents are living.

Time passed but we never contacted each other. I got selected in Ministry of Health, Saudi Arabia and this thing she and her parents know very well, even then they never approached us. So I came here in Saudi Arabia on 01-12-2004. Now, after 2 and 1/2 years of our separation, I came to know from my parents that she has filed a false case of Dowry and Cruelty against me, to the police with intension of misusing 498A IPC act. She has mentioned my parents, my both sisters and my names in her complain. She came with police and took her all things from my home in Punjab. Luckily, my father, has taken bail for all except me as I am in Saudi Arabia at present. so presently my parents are under too-much stress and she is trying to harass them. There is no second thought that I want DIVORCE from her but my question is:-

1. How to get it in least possible time?
2. She has filed a false case, without any proof, after 2 years and 6 month of our separation, at that time when I am not there in India, and So how much is she strong in her case?
3. She never lives with my parents so how can she harm them?
4. I am in Saudi Arabia in good job and I am with family visa. I have decided to go back only to sign Divorce paper at final stage. Is it good for me to remain here and wait or should I go back and fight my case?
5. We have never demanded even a single pane from them, so can we charge a case against her this false case.
6. What so ever she has written in her complain is without any proof and I can prove many things which she has written, is a straight forward lie.
7. Should I send the reply of her written complaint to Police? Is it advisable?
8. According to my job rules, I can avail vacations for 2-months only, anytime I want. During which I can go to India but I have to come back immediately after my vacations otherwise I will loose my job. How can I secure my self before going to India, so that they should not create trouble for me while I will be in India. The bails which my parents got, there it is written that they can not leave India.
9. In Punjab, police under the cover of this 498A act, making money, this everybody know. So what are the loopholes to make our self protected?
10. As at present I am in Saudi Arabia and I have not taken any bail and my arrest warrant has been issued. So what step should I take now?

Please guide me.

AMIT SOOD

Dear Sirs,

Ours was a love marriage (between a Brahmin girl and a Khatri boy), simple and dowryless performed on 30/6/01 according to Hindu customs. The two parents are almost next-door neighbours. They agreed to this alliance very reluctantly. After 11 months of our marriage we were blessed with a son, pre-natal and post-natal care having been given in my house. When my son was about 10 months old, my wife left her marital house along with our son to her parents house on 3/4/05. Since then she and her parents do not allow the child to visit his home and meet his father and old grand parents despite our several attempts. (Earlier my wife had taken away her jewellery and other expensive gifts of both sides for her mother's safe custody).

My wife first had a separate kitchen and later her demand was for a separate house which I could not afford. Being the only son I could not agree to her demand and desert my parents (aged 74 and 68) having no source of income. On 2/4/03 she picked up a quarrel and left on 3/4/03 with her father. While leaving her father threatened me with dire consequences and asked me to make arrangements for her daughter to live separately. In fact after marriage she has proved to be a woman of nagging and revengeful nature picking up quarrels on trivial matters under her parents' influence. Being very close to our house her mother interferes too much in our day-to-day life. Her father is a rich man and she tries to give me complex every now and then. (We have written several registered letters to her father about her behaviour but without any reply.)

My wife has celebrated all religious/family functions like Diwali, Holi, Karvachauth and our son's birthdays) at her parents' house. So-much-so that our son's Mundan ceremony was also performed there without even informing us. She has even gone to the extent of not giving my name to the child while admitting him in school. I had many aspirations to do many things for my son but my wife's actions have prevented me from doing so.

In February 05, I filed a petition in the Patiala House Lok Adalat seeking visiting rights for my son. Even after 4-5 counselling sessions with the Lok Adalat our stalemate continues to stand where it was two years ago. Now I have received a notice of a case filed in the Court of the Metropolitan Magistrate, Karkardooma, wherein my wife has demanded maintenance allowance of Rs 14,000/- per month under Section 125, while my salary is Rs 20,500/-. She has made numerous false allegations like physical abuse, mental torture and demanding dowry, etc. Earlier her own salary went to her account and remained untouched with her.

My immediate concern and reason for approaching you is that her next move could be to file a case under Section 498 A whereby my whole family will be in trouble. I am grateful to you for inviting people with problems like mine to approach you. I appreciate your concern and interest in innocent people like me falling prey of Section 498.

Yours faithfully,

She is intimate with her brother in law - only elder sister's husband) - When I caught her after a prolonged surveillance she filed false 498-a in June 2001. 3 cases filed in family court. (1) Dissolution of Marriage - result - marriage dissolved. (2) Children custody - result - she got custody because children infants (3) Maintenance - she withdrew citing reasons she will file fresh at a later date.  
498-a case running till date (4 years on). Charges filed. Four judges changed. PP still the same. She never came to court even once in four years. Subsequent to filing 498-a both of my parents died. Father (78) who was not named died in 15 days of filing the case. Mother (73) who was named died 2 years later.

Totally seven persons named including sister, sister in law, brother and brother in law.

How do I get out of this never ending saga.

PS : Present advocate extremely polite and co-operative.

NEED ADVISE VERY BADLY

My wife has left house without informing anyone and gone directly to her parents house. We have tried to ask her parents but they are not giving us permission to speak with her.  
Actually, they want entire property of my father should be transferred in her name which is not possible. And they are giving us threatening to lodge Dowry case, which is purely false and untruth. Please give me suggestion, what should we do now. Thanks & regards

I got married one years ago .It is an arranged marriage. My wife and her family members pressure on me to leave my family and I have no contact with my family members , My wife makes pressure on me by attempt to suicide . They plane to use misuse the dowry act. My wife and her parents misuse the dowry act 498A . They submit a medical report (dated 27 March 2005) when they file the case in police (on dated 28 March2005) , in this report (dated 27 March) the doctor write that the injuries are one day old(26 March2005) . My wife and her parents wrote in the FIR that I and my family member beat her on 27 March 2005.

The police registered the case (by political approach) in Muzaffarnagar that I my family member wants 5 lack Rs. & beat her in her father's house . My family member got bail on this point and I got stay on my arrest . After this in the police inquiry my wife and her family member says that by mistake they wrote wrong date , they also provide affidavits. After this case my wife file another case (dated 14 Apr 2005) in Ghaziabad . In this case she wrote that I and my mother withdrawn her salary from his salary account but the truth is that she withdrawn her salary from her account by making some changes in her signature . She wrote in FIR that I make these signature and with the help of my mother I withdrawn the money (The money was withdrawn on dated 15 January 2005. ) , My wife and her family members were preplanned for both cases .  
I request you to help me

Very unexpectedly my wife has put 498 on me. Major charge of harrasment due to girl child.

I love my daughter (3 yrs) and infact have been pleading wifes family for a proper access to her since I came back ( have proof ) .. good pic collection etc. Love marriage , Unfortunately have put all assets in her name ( car / house / other vehicles) as I was abroad .. dont even have LARGE evidences of payment.  
She is using all pressure tactics to get as much money as possible from me and get liberty asap for her OTHER new developed interests. again have indicative evidence ( loud enough for me ) for the same. How do I save myself and my effected family.

One we approached Police station also but no complaints. However this is regular issue at my place and I am fed up with this. She threatens to complain against dowry to police. Needs remedy. Willing to Divorcee.

Sir,

We (My father, Mother and a sister) a middle class family lived happily until I was married to one selfish girl fond of separate home living. Her family offered us 100 sovereigns of gold. After living happily we noticed that she was not having proper menses periods and she was eating several brands of tablets and tonics. We asked her to come up for a check up in a famous hospital. But their family members came to our home and warned us not to take her to any hospital, and finally after quarelling took away all of their jewels and now they booked us under Dowry and Harassment case. NOW we all suffer in a terrible way.pl advise me in this regard.

Dr.Sandeep Verma

Sir my story begins on July 2000 when I got engaged. My wife is a Doctor , having one younger sister unmarried, no brother. I am also a Doctor having two sisters both married, my parents are retired teachers. We got married on 19-01-2001. After marriage slowly I came to know that she is from such a family where Female Rules. My father-in-law is on a high post in electricity board, now retired, but my mother-in-law a house wife is such a dominating lady that He does only things which she wants. These people are so possessive towards their daughter that they feel satisfied only if she keeps on telling them each and every happening in her family. On many occasion I found that my mother in law starts behaving in such a way that even a lay man can judge that she needs a psychiatrist consultation and whenever I, as a Doctor, pointed out this to my father-in-law, he just told me that he knows her for the last 35 years and according to him if you do all things which she wants , she will remain OK. Previously I was thinking that my wife is a Doctor so she will manage her in nice way but later on I felt that instead of taking right steps, my wife is trying to manipulate me and my parents according to her mother's will. My mother-in-law started brain-washing my wife and in spite of my best efforts to stop her, she succeeded in her mission. When I got married, I was doing my P.G. in Orthopaedis at Medical College in U.P . At that time I had one unmarried Sister and My parents both teachers at my hometown in Punjab. Immediately with in 4 days after marriage, I and my wife came in U.P. We use to go home for 2 or 3 days , after 2or 3 months, and we never have any problem during these visits. I never told my parents regarding my mother in law's behavior. My wife remains with me for 1 year and ½ month and then once her parents came and she left to her parents house, at that time I was in Punjab. They never contacted my parents. When she left me, after 2 weeks of that my sister's marriage was there , but she did not turned up. After 4 months she indirectly contacted me but when I talked to her I realize that she still supports her mother and what ever her parents have done, is right. After 8-months of separation I came to know that she has taken admission in 3 years P.G. course in her hometown where her parents are living. Time passed but we never contacted each other. I got selected in Ministry of Health Saudi Arabia and this thing she and her parents know very well, even then they never approached us. So I came here on 01-12-2004. Now from my parents I came to know that she has filed a false case of Dowry and Cruelty against me , to the police. She has mentioned my parents, my both sisters and my names in her complain. She came with Police and taken her all things from my home in Punjab. Luckily, my father , has taken bail for all except me as I am in Saudi Arabia at present so presently my parents have no problem but defiantly they are under stress. There is no second thought that I want DIVORCE from her but my question is:-

- 1 .How to get it in least possible time?
2. She has filed a false case after 2 years and 6 month of our separation, at that time when I am not there in India, and during this separation we have never even a single phone talk. So how much strong she is in her case?
3. She never lives with my parents so how can she harm them?
4. I am in Saudi Arabia in good job and I am with family visa. I have decided to go back only to sign Divorce paper at final stage. Is it good for me to remain here and wait or should I go back and fight my case?.
5. We have never demanded even a single pane from them, so can we charge a case against her this false case.

Ashutosh Garg

Hi All,  
I am also a victim of section 498A. I was married in Feb'2004. My wife was with me in US for 6 months. She went back to India on 11th July'2004 and after staying there for a while, she has filed a dowry and harassment case against me and my parents. The real reason for divorce is that she was having illegitimate affairs with other women (YES!! she is a lesbian) and even with her very own sister-in-law. Unfortunately, she comes from a very powerful family (her brother is a partner in Amar Ujala news paper) and they are using their influence to harass us. Is there someone in Delhi/Ghaziabad area whom I or my parents can contact for help. I am in US and my parents are alone in India.

Please help!!

Nijaguna Murthy G

Is it possible for a Hindu Husband to voluntarily undergo PATERNITY TEST ALONG WITH CHILDREN to clear his doubt about the fidelity of his Wife? If so how to proceed further? ( I learnt that only Police Dept. can refer for it at DNA Center, Hyderabad based upon registering a case-for payment of Rs.5000/- or so as fees).

Samir

Hi this is sam from hyderabad i have been harassed by my wife as my story is that i live in gulf and after marrying i stayed with my family and my wife for a month and after going to gulf i had plans to call her on family visa meanwhile she got to his mothers house and from there she started making plans for not staying with my family and it has gone thru like this for a month and after 2 months her father came to our house and took my wife without any solid reason and told us that he will look after the consequences and made a false argument that his daughter ie;my wife is ill and having fever and made a hallaballo and took off with him and from the day she went my father was in touch with her relatives to call her back to my house and her relative refused and after all efforts we sent a notice through our advocate as she has left my house and til one year she didn't come to my home to stay with my family and after relieving the notice in which it is mentioned that after one week if they dont respond to it then they are responsible for whatever the consequences occur. and after relieving the notice they came to our advocate and we are also invited by advocate to settle the task but they are not ready as they want me to come back to india and they are asking the guarantee of their daughter ie; my wife. and in addition to that they are not ready also my wife is also not ready to come to my home. and after this talk they again took the time for a gap of 3 days to think whether to send my wife or not and after 3 days they are asking money nearly 2 lakhs for settlement i mean she want divorce from herself which we are not ready and we are in tension taht what to do with them simply we want divorce from her.

But in the separation period we have treid to settle the matter in every respect. But my mother in law is not willing to send her back, she wanted me to live with her in their house. But how this is possible. After long seperation and communication we agreed to hire a seperate house and live in there and therefore Me and my wife started searching a rented home and after selecting a home again her mother disagreed. Now when we approached their relatives they informed us that they are waiting for your startup and they are blaming us thay we have demanded money from them and all that rubbish. Our marriage is a love marriage, She is from a poor family then how can they blame on us. Now Our relatives guided us not to anything because they are just awaiting for your commencement, once you go to court for settling the matter and help they will blame you and charge section 498A on you and your family. We are god fearing people and we dont know police and legal matters much. We are very disturbed now, my father has treid to commit suicide once seeing my condition. I am the only son. Please help us and guide what to do. Please ..... we still want to settle the matter but girl doesnt want to go against her mother as she is freigten that Marriage was your own decision now again if you choose your decision, then no relation will exists in between us. Regarding the article 498A, I am one of the suffered victim of the case.

We are five members in the family my father expired 14 years ago, an my elder brother got married an Agra bassed girl on 30th April, 2002. She is mentally not fit, she had psychological problem (she had one of her bua, and one of her uncle CHACHA) in her family with the psychological problem. This fact was sidelined from us at the time of marriage. and since we don't have any elder one in our family to do the investigation as my mother she is an illtrate lady and in marriage kind of issued ladies are not advices to speak too much.

we she came home for the first time we have noticed some of her activities but ignored feeling that she is in new house so will take some time to adjusted herself. she stayed there 7 days in our house for the first time and left. After that when she came second time still her behaviour was not up to the mark. mammy had asked her if she had any prob. but she denied. after noticing these activities after a week mammy had called her parents in Agra and they replied that she may feeling had some Upari chakkar as she was taking medicine here but forget to carry it with her.

So they said to send her back to their home. we send her back to here home in Agra and after that despite of making lots of phone calls they always said that their daughter is undergoing for a treatment and when she will be well they will inform us to take her back. This situations lasts long for about 6 months and finally they told us that either u take her back as she is other wise we will file a dowry case againts u and will put all of u in behind the bars.

after that mammy had done village to talk to some elderly persons regarding the situation they assured us for help in this regard saying that if the girl is not mentally fit for marriage or having any psychological problem then he should make the settlement on whatever he had spend in the marriage as there is no point of spoiling the life of the boy.

a social meeting was arranged, they found that girl is not up to the mark and suggested him(girls father) to make the settlement and not get it of the court. at that time he agrees and after 2 months he filled a case of downry againts us.

I know that if anybody asks the girl that what she had mentioned in the FIR logged againts us she will not be able to explain that..

as she so narrow mind... now they are trying to get maintenance fine from my elder brother.

he has to leave the co. where he was working due to 21 days of imprisonment. and now earning his leaving by doing some electrical work and generator servicing.

we have told this story so many times to the advocate we have. but he always said that nothing can be done he is entitled to get maintenance from the husband.

can anybody have any suggetion on this then pleas mail me if we can be saved on any ground.

Comments:: Permit me to write some of my family problems.

I am belonging to a middle class family. My father is working in the Military Engineering Service (M.E.S.), New Delhi. We are four children – two boys and two girls. My elder brother (Devinder) got married on 7th March 2002 according to the Hindu Marriage Act. It was an arranged marriage.

On that day she (bride - Kusum Lata) came with white Lahanga and no other bridal makeup, we all got shocked to see her on that condition. After all the marrige ceremony we brought her to Delhi on 8th March 02.

On 10th March her father came to Delhi & took her back to Badhau for pagfere rasam. After one & half month, on 20-04-02, except my father all of us went to Badau to take her back. That time they did not welcome us. They told my brother to stay back there for few days, but he refused their proposal.

On 21-04-02 morning when we were packing our bags, her father called her upstairs and made her to write a note in a diary that, on 21-04-02 she is going to Delhi with us, If anything happen to her, her in laws will be responsible for that. Seeing this we felt so sad and bad. All of us became moody and lost the happiness of marriage ceremony. We reached back in Delhi. Same day

(21.04.02) Evening she tried to cut the nerve of her hand. My brother came out and called us to his room. Suddenly my mother and myself went to their room. When we reached her room we saw blood is flowing from her hand. I washed her hand, applied some medicine and put band-aid. When we asked her why she did so, she said my brother did not talk her so she tried to suicide.

On 12th May 2002 her father came to Delhi to take her home. When we were taking her to Delhi her father made her to a written note, so we too have made written statement from her father and herself, in an Affidavit Paper, that she is safe and he is taking his daughter safely back to home.

On 12th September my father went to her house in Badhau to bring her back to Delhi. After reaching here again she started problems. She stayed 2 ½

Months with us, then on 28-11-02 her father came along with his two brothers to take her back to home. That time my brother did not agree her to go home, so they all went outside. After half an hour they came with one Police Personal from Dabari P/S. Her father claimed that we all misbehaved her and asked her dowry. But his daughter (Kusum-my sister-in-law) denied that. She has given a written statement to the constable that we did not do anything against her and she is happy with us. Her father and uncles went back with angry, 10-15 days went on smoothly. After that again she started problems she said that she did not want to stay with the family she wanted to live alone.

On 19-12-02 due to her force, my brother took one rented room in Palam Village and went away with all her household things. There also she could not live happily. On 19.01.03 she went to Dabari Police Station and lodged one complaint against her husband that he used to beat her badly. Police came to our house in Madhu Vihar in search of my brother Devender, but that time my brother was not there. Police told to my father you come to the Police station and say sorry to your daughter-in-law, then she would cancel the case. My family denied that, we said we do not have any case and we are not ready to go to any station or court. My brother went to the Police Station to take her back to home, but she did not come. She sat in the Police Station for two days and one night. When her father came to Delhi and my brother compromised her she came back home. On 21-01-03 my brother sent her to Pilibhit with her father (he got transferred this place).

After 7th march 03 my brother filled the divorce case but he got only dates & dates.

My father did not bear all it above so he cut his name from the property & put that information in Nav Bharat Times Newspaper on 11-06-03.

On 26 September Pilibhit police came to Madhu vihar with the arrest warrant. Kusum lodged complaint against all of us of 498A. She said that on 19th March 2003, on the occasion of Holi festival, we all went to her house in Pilibhit & misbehaved. We had beaten her badly by asking 1 ½ lakh rupees from her. They arrested my brother and father. Suddenly Police took my father and elder brother. Because of her father we have got lots of problems during those days. He is working in Jail. He made lots of trouble for us He also created problems for my brother & father in Jail. Hearing his words, Policemen misbehaved with them. Apart from those Old criminals used to scold them. Her father made them misunderstands whole the people in the jail by saying something or the other about my father & brother. My father is a heart patient and is having continuous medicine. So all these troubles and insults affects him so much by mentally and physically. He became very weak. After one month, on 25th Oct 2003 my father got bail because of his worse condition of health. He became very week. Then my brother got bail only after two months (27th Nov 2003).

Now her father used to pressurize my brother to take back the divorce unless he will put my mother, younger brother and sisters in the Jail. Or he should withdraw the dowry case. Then my brother withdrew the divorce case but he did not withdraw back the dowry case.

My brother & father took dates again & again. She again filled the case of some amount for her livelihoods.

On 15th Feb-05 my brother got ordered from the Pilibhit Magistrate, he has to stay with her for a month. So my brother brought her back in Delhi. He took a rented room in Madhu Vihar and started to stay with her there. There she stayed happily for few days, and then she started to quarrel with the house owner & gave her warning that she will put her in the jail with her family. The house owner Aunty came to our house & cried. My Mother asked few days from Aunty & said that after 15 March she will go to her father's house. PIs allows to them few days. After that that aunty used to spent her whole day in neighbours house & came in Night time.

On 15th March 05, when the magistrate asked from her. She said she wants to live with two months with our family & decide after that. So my brother brought her back to Madhu Vihar in our house. Here she started problems again. My brother started the video game business before it he did not work anywhere because he has to attends court dates in Pilibhit 3-4 times in a month.

We have a small plot in Madhu Vihar. So my parents is constructing them that brother & bhabhi will stay there & we will stay in our house separately. She wakes up every morning after 8.00 am. No body tell anything tell her. Every thing going smoothly & happily.

On 24April 05 God knows what happen to her my mother went Neighbours house for kirtan & no body was in the house. So she phoned 100 no. & told that rescue her & we all tortured her badly.

5-7 police person came to our house & asked about it. She denied that she did not phoned. My brother tried to solve that problem in home but suddenly she came outside she can go to p/s. So police taken my brother & her to P/S. Their she lodge complaint against my younger brother & sister that they used to beat & abuse her badly. After that our 5,000 Rupees wasted in p.s. then she said that she has phoned by mistake. She asked sorry for that action.

My father is heart patient & cannot take any thing easily. He got lots of problem that night. We cannot sleep that night for a moment. He was crying every time. My mother also got Mentally & physically weakness.

Due to her my parents got physically, mentally & financially ill. They need help.

Law to Harass

I'm one of the dowry Prohibition Act (IPC-498A) victim. We got married on 26th April 1997.

Ours was arranged marriage, Since beginning she was not ready to mingle with my Family, only one week we stayed with my parents then we went to Bombay, where I was working. In the 2nd week of marriage she demanded DIVORCE, which I was not ready to give, then she and her family started to harass me, After one year our 1st child born; I found out, that she had affair with other man, and she wanted to marry him. But I never questioned her about it. After she come back from delivery, she started act strange, her words were sharp, and she was doing as her mother/ sister tell her. Even once her mother told her in front me, NOT to cook. And she did that. I fought with her that day. She was complaining I was not doing, as she wanted.

All she wanted is; I have to do as she says  
I have to give money to her brothers, whenever they want, and never ask it to return.  
I have to give all my salary in her hand to manage home  
I Should not ask, where she goes at night

I have to wish her all Family members on occasion, but she never done same to my Family.  
Her Father was threatened me that I have to cook for her Even After coming back from Office  
I have to bring Good Expensive whisky when Family members come home, when I refuse to do coz I'm not drinking and I'm against alcohol; she made to promise to our neighbor that i will start drinking [I see women who pray/do pasting for their husband to STOP drinking.]  
She was insulting me when I drink Pepsi in get-together, saying its Childs drink.  
She was telling smoking was style of society- coz I was not smoking.  
She was telling she was not SLAVE to do house hold work.

I was doing my laundry  
I can challenge any women in cooking (she never been to kitchen till her marriage)  
She never know how to hold a needle - I was stitching kids cloths and buttons  
She Demanded to write my Flat to her name  
She always demanded to make more new gold ornaments-now she took all my gold with her.  
My Relatives should not come to my house.

On 18th June, At Night 11.30 she called 7/8 relatives to my house, and threatened me, Almost 2 hours they harassed me, threatened me, try to beat; As a Christian I took this matter to Church, on 1st July Church Priest arranged meeting but they walked away insulted, After 2 days at night she came with some women relatives took all my money/gold insurance by force. I did't went to police, thinking it should not made public, but next morning she lodged false complaint of dowry harassment on me. When I came back from office police were waiting for me. I was charge sheeted, I never took or demanded single paise as dowry, and even I gave half of the money as wedding expenses.

Many times I tried to make her understand, our church priest also called her so many times, she was not ready to listen anything, at last our church priest said I'm going abroad, on new job so she came back only for one night to find out, the truth that I'm going aboard or not. As I was not sure about my project, so next day she just fade away as she came.

After 4 months when I requested in court to verify the case, she came to the court Second time and asked for compromise, on condition that I've to take her back from her house, still I agreed for that and I went to her parents house in Mangalore, but she or her parents were Angry and were not ready to talk, Her Father tried to hit me, so I came back Empty handed 5th Time.

On 28th October night 3 men came to my Flat, to threaten me, I did't opened the door; I knew who they are and sent by whom. Her sister Husband was arrested/convicted for murder of his Brother-in-law for 7 years, and they have criminal background, in Bombay for just 1000Rs they murder someone. I did't went to police because before that, also I went to lodge complaint, when her Family members threatened me to break my arms and limbs, Police made me to wait for 2 hours, and took my statement, but did nothing. Next day everyone advised me to leave the city.  
On 30th Oct 2000 I left India without telling whereabouts to my parents even.  
I was contacting my friend through Email and asking for the court date.

After 5 years, this case is still going on, she never came to the court, but LAW turn blind eye on that, if I'm not present for one court date, they issue Arrest warrant for me. Even my lawyer is not doing anything, he try to get more money, I paid so much money, and totally I spent 3 Lakhs of Rupees in last 5 years. Still nothing happened.  
Court issued 4 Warrants against me so far, After Every Warrant i went to indian and Cancelled it, my lawyer says Court sent summons to her; she never came to the court to prove her complaint; unless she comes i cann't prove my innocence. Law / Court/ Judge is not doing anything than give dates after dates.

Meanwhile i wrote to President of india and he forwarded my mail to Karnataka State Legal Authority, as i'm native of Karnataka; They Advised me to approach Maharashtra State legal Authority as my case is in Vasai - Thane - Maharashtra. i wrote to them and went to meet too but concerned Officer was not in his office for 2 days.

Now After MSLA order my case is Transferd to Deputation Court, and new judge gave me another date.

If her complaint was true, why she is not coming to court.

If i ever took or Demanded single paise as dowry, i would have never dare to write to President of india or any Law Authorities.

In india women do anything thats right, they have Law support Even Misuse of law.

If women ask for Divorce and her husband is not coming to court, court send strickt notice and finish this divorce within 6 months; If same man do and women is not coming, court give date after date, and he will not get divorce for 6 years unless he goes to higher Court.

This is our Great Law.

Comments:: I met my wife thru internet website, we married in Sept 2003 in Bombay, within a few months marriage broke down as i found her lying, deceiving, incompatible and loose character; she was 2 months pregnant at that time when i repatriated her from UAE to India in March 2004, since then she's living at her parents place. She sent a legal notice demanding maintenance and is reported to have given birth to a son 6 months ago. I found she had many

affairs, including with a Pakistani, to whom she used to meet at his residence in UAE. I received lot of threats and blackmail for money and in April 2005 i found she has lodged a false complaint under 498A IPC against me, my mother and 3 sisters of dowry, mental torture, stealing her mangalsutra etc. My mother and 1 handicapped sister were detained by police for 6 days, my father died of shock and heart attack, i and my 3 sisters were advised against attending our father's funeral in Bombay becos of the nature of complaint, where i learned one of my uncle who borrowed Rs.55,000/- as loan money from me has colluded with her in the complaint saying i gave him this money to keep his mouth shut and one police friend of her's has sided to make arrest.

I sought advice of many lawyers, who tell not to visit Bombay, as besides getting arrested, our passports will be taken into custody, we can't travel or leave the country, we will lose our jobs etc.

Please advice.

Thanks/Regards

**Ratan kumar**

My Very Pleasant Good Morning and please accept my Greetings to the ASSOCIATION OF VICTIMS OF 498A

I am desparately searching the web for quite some time.

To brief you about my very own misery even in short, perhaps lead to aberration of the case , However I am attempting to give only the details of cases and their status.

1. I filed for Divorce and was granted by the Competent Court in the year 2003.

2. My Ex-Wife filed 498A complaint against me and my family members and the proceedings are still going on ( In other words, Complainant and her associates are absconding from court) .

3. My Ex-Wife subsequently filed for " Restitution of Conjugal rights " and obtained Restitution rights from Court, but failed to join me and subsequently even the " Restitution of conjugal rights was dismissed by the same court who granted it.

4. My Ex-Wife filed for Maintenance and failed to appear before the court for cross examination, and the Maintenance petition was dismissed.

Because of the frequent hearing dates of cases filed by my worst-half and her constant approach to my office, I was compelled to resign from my service and attended each and every hearing of courts. However , she failed to turn up at the court for her cross examination and the cases were dismissed on account of her absence.

In the mean time, I made some subtle enquiries and came to know that, her uncle is Police Inspector ( S.H.O) and is instrumental in the manipulation of the Dowry Harassment case.

Now the current situation is ( since last 2years) , Criminal Court issued summons to police to serve summons to the Complainant and her associates. Police are seeking time as they are unable to trace the Complainant and her associates and are not committing in writing anything to Court.

The learned Judge is simply giving long adjournments without issuing appropriate instructions to police and not at all listening to my Counsel.

One more thing, which may be of worth mentioning here is, the subject Dowry Harassment case was filed in the Court and later referred to Police for investigation (This manipulation was perhaps done as there were standing instructions to police that no F.I.R can be booked without proper investigation and perhaps police themselves wanted to clear from any future controversies involving department. )

Few more prima facie eye catchers are listed below

1. The complaint filed in the court doesn't contain the addresses of two of the witnesses.
2. Police filed the charge sheet in the court, along with the supposed statements of witnesses duly recorded by them, but are not aware of the addresses of the witnesses.
3. The complaint in fact created a false jurisdiction and manipulated the system and abused the very basic pre-requisites of a eligible justice seeker.
4. The complaint gave multiple addresses as her place of residence in the cases filed by her.
5. There are ample contradictory states in the cases filed by her.
6. Even creation of false jurisdiction is clearly visible in the cases filed by the Complainant.

My parents are both Senior citizens and my father expired because of mental trauma on account of my ex-wife's misdeeds and her family members continued harassment.

Even know they are making blank phone calls/ blank S.M.S messages and even sending people to our house. We informed every thing to our Advocate/ police, but they are another dead end as usual.

One more thing, the lady in question ( my ex worst-half ) is trying to go abroad, there is ample evidence on this front as well (I am afraid, she must have already left the country as well) .

1. The big question, is she another trickster, who wanted to extract money ?

OR

2 Emergence of new legalized Dowry Harassment racket ( similar to Stamp/ Fodder/ Defense/ Stock scams which rocked our country earlier).

Imagine the prospects of the existence of the legalized harassment system in the name of DOWRY and the revenues it must have generated by the crooks.

Note : I am in possession of letters and other valid documentary evidence, which clearly proves my innocence and capable of proving the false allegations.

You are kindly requested me give me some time and suitable advise.

Thanking you,

**Abhijit D.Potdar:**

I got married on 23feb2004. First six months went fine then my wife's parents started interfering in our married life.

I stay away from my parents. with her parents influence my wife started fighting with me and wanted me to meet her and her family's demands which didn't happen, so on september 1st she went to stay with her parents for one week at that time she was 3and half month pregnant.

she didn't return for 10 days and suddenly on 11th she came with father, mother, brother, mother's sister her husband all attacked me with bad words and throwing all

I called her mother's sister to get her back they told let ganpati period pass then they will call me.

On 30th september I personally went to my wives residence to bring her back but she didn't come, On 15 th October my wife called my best friends parents to

her relatives house and told that my wives grandmom who was nures when she was working has treated my wife as abortion took place, my mother in -law told to my friends parents that they kept the abortion news hidden for 26 days.

When I went to her place to get her back, she kept the abortion information hidden from me and stated 3 conditions to come back

- stay near her parents place
- cut my relations with my parents
- apologise to her parents and listen as they say

Her parents always interfered in my salary and my lifestyle. My wife also deposited my money in her account which was before marriage A/C.

Her parents also tried to create pressure from a influence person.

I want Divorce from her, 8 months has passed they have not approached me.

Please can you guide me what has to be done as if she files case against i & my parents would be behind bars and I will lose my job.

Rams:-

I am an NRI and was staying in a foreign country for the past 7 yrs. I got married in 1998 to my maternal uncle's daughter and after few days I left the India. After few months later I came to India and staright way I went to her home. (They stay in Maharashtra and we stay in Andhra). When I went to first time itself only their parents insulted me for nothing and asked me to go out of their home. Some how I managed at my home without telling and after I spent few day in my home I brought her to the country where I was working. There she always used to condemn my parents and threatened me if I wanted to call my home. She always used to ask her to but jewellaries and money. When she was there his father also used to ask me money. She used to not to respect me at all and not used to cook or bahave properly. If I talk to my friends wives when they come to my home or any of my lady colleagues if they meet outside she used to create lot of fuss and problems. Even if I try to talk to my own sisters over the phone also she used to say lots of things. I used to invite my friends and my colleagues for lunch during weekends some time as I also visit their home. One time I invited one of my Indian lady colleague (she helped me for getting a job) for lunch, when she came she created lot of problem. Since then on she always used to say I had a links with her. Like this whomsoever I talked (even my friends wives also) she used to say the same. Everyday she used to call India and used to tell whomsoever I was talking with. Instead of telling some thing to her they used to scold from there as if I become a romeo. After a year and half bearing her torture I sent her to India for delivery. In the mean I gave her lots of jewelles and money to her father. Even after she reached India also I continuously used to send money to her and her father whenever they ask. After she gave birth a child I went to India hoping her mentality changed, but in contrast she and her parents more accused me and my parents. Then I wanted to bring her to my home but her mother never let her. Her mother also came with her to my home and until I leave my home (within 5-6 days) her mother aske me to go out of my home and take a separate home. Her mother used to threaten my that she would complain to Police that I harrassed her daughter unless I stay in India and that too not with my parents. Then I simply taken one rental home separately in Hyderabad (which is far from my home town) and stayed away from my parents. During this time her parents and her family visited many times and used to threaten me. My parents used to visit us seldom (because of her nature) and whenever they come to my house she used to fight with me and my parents. One time I planned to go Tirupati with my parents and my

wife. She immediately told me to bring their parents also. Then I took everybody (her family members and my family members) to Tirupati. After going there she always fought with me whenever I talked to my parents and my sister. One time when we were crossing the road there in Tirupati I hold my sister's hand crossed the Road. For that she created a lot of problem and there it self only they threaten us they would go to Police station and complain against us. Somehow we (me and my parents) came home and after reached I decided not to stay in India anymore. I asked her to come with me but she refused and went with her parents to their home (Maharashtra) immediately. After they left me I returned to the country where I used to work before. After reaching there many times I asked her to come to there and I told her I'll send her Visa. Instead she always used to say if I send money to her father she would come. Then I sent many times. Like that around 4 Lakhs I sent to her father(excluding of electronic goods,clothes,mobile phones,etc). After I waited for her few months I came back to India again to fetch her with me. Once I go there only they started fight with me. Her nature completely changed. She used to not to cook,serve food, not to eat,not to comeout, anything with me. Somehow I managed her and brought her to my home. I thought I could stay for 1,2 weeks in my home and could change her mind and then go back with her to the country where I was working. But as soon as I brought her she again started the same thing. She used to not to do any single work(Ours is a joint family).

If anybody cooks (either my sister-in-law or my mother)only she used to eat. Every one minute she need to talk to her mother(over STD) and she used to listen whatever her mother said from there(from Maharashtra). She even not to do anywork to me, go out with me, eat with and not even allow me to sleep with her. ne night she pushed me out of my bed room in the middle of the night and locked her self inside and threaten me she would create a problem if I come into the house(this happened in my own house, I slept outside that night and didn't want to wake up my parents and tell this).She always used ask me to deposit some money into her account in the middle of the nights other wise she fights. After few days when I was not at home her parents came(they planned this before she came with me ) to our home and created a lot of problem, shouted & blamed my parents. When I came they used abused vulgar language on me and my parents on the streets for nothing. Until that time my parents didn't know that we were not having good terms and even I didn't tell also(Until 5 yrs of my marriage). My father is a reputed person in my place and everybody started seeing us differently. By seeing all these i lost my patience and I went in my home and consumed some poison. Immediately my parents took me to hospital and luckily I got survived. After few days I came out from hospital and as soon as I entered home they again started abusing and scolding with vulgar language and took her daughter with them to their state(Until I come from hospital they stayed in my home and used to go my neighbouring houses and used to tell lots of negative things about us). After few days we got to know through my close relatives that they were planning to file 498A and also wanted to go APWomensCell. I immediately filed a divorce and while filing I attached some DD receipts (which I sent to my uncle but not all as I didn't keep everything, around 11/2 lakh rupees). This happened in 2003 September.

After few days we tried thru some mediators for compromising but they fired and scolded the mediator and sent him off. Then I left again India. After few months they filed a petition in Supremecourt and asked for the change of state. It ran for 6 months and after 6 months Supremecourt gave the order in their favour and the file shifted to Maharashtra court. Since then the case was there and nothing moving. Few months back suddenly my sster (unmarried) died and this made my mother to suffer a lot and she got stroke on the same day. After I got this news I immediately left the country and went to India but I couldn't even attend my sister's funeral instead I directly went to Hyderabad and admitted in Hospital. My mother was in coma for 3 days and she was in ICU for 10 days and after 14 days she was discharged. During this period so many came to see her and enquired about my mother's health but from my in-laws nobody came and even made a single call to us(my uncle is my mother's own brother). As soon as she got discharged I took her to my home(not in Hyderabad, different place) and the next day I returned as I needed to attend my job. When my inlaws know (my sister's death and my mother's stroke) thru my other relatives they said to them as they were not related to us and were nothing to bother about it. Eversince I filed divorce(I fled for the safety of my parents against 498A) I tried thru mediators to settle the issue many times but everything went vain and I wasted lot of money on this. Eversince my mother discharged from hospital my mother is not feeling well. She is always thinking about me(she thinks that because of her I married my uncle's daughter and she spoiled my life) and my sister and making her health deteriorating. Eversince the file came to Mumbai the case didn't move a single inch. My lawyer in Maharashtra(Mumbai) is doing nothing and also saying nothing. Seeing my mother's health and my situation everybody advising me to remarry(as I am at 34 yrs old now). Now I want to come to India and took my mother with me to this country. But I heard thru somebody that they may file against me 498A if I come to India. I am the Permanent Resident of this country. I really don't know how to solve my problem, can anybody give any suggestion or advice me?

**Vivek Sharma**

I want an opinion from your side i.e. I was married on 22nd April 2004 and due to the nature of my wife and my in-laws we could not continue. My wife made a complaint in CAW crime against women cell in September 2004 against me, my father, mother and sister. Basically it was a false complaint and we know very well the implications of IPC 498 so we can't do anything but just to wait and watch. We took anticipatory bail from the sessions court in Delhi in October 2004 and attended the proceedings/investigations of CAW cell. The only motive of my wife and in-laws was to extract money from me and to subject me under mental torture. In spite of that we made an out-of-court settlement for Rs. seven lakhs and we have paid four lakhs in advance after signing mutually an agreement deal in the presence of both the guardians and counsels of both sides. After this my wife said that she would take her complaint back from CAW cell in Delhi. Please let me know can she really take her complaint back since I have read that section 498 is incompoundable? Please note that no FIR has been registered against us yet.

Please provide me the guidance/ans asap since I am undergoing deep mental torture.

Thanks and Regards,

**varun**

Am 36 yr old guy. Got married in Jan'98. Marriage had been on rocks almost since the very beginning. Reason, the aggressive and moody behaviour of my wife coupled with acidic tongue and on top of it her father having a belief that he is very well connected and he could crush me and my family in a jiffy.

We had three long separations in these seven years, all engineered by her father. In the previous to the last one he used threats by socially powerful people etc. However, it didn't help him much. In the last separation, he made my wife file "restitution of conjugal rights" against me with wildest dowry allegations (Interestingly, the total money spent by my wife's side in the wedding is so very little that anybody can see that I could not have been dowry lover to marry in such a simple manner). Any after two years just before trial of the case could begin, they withdrew the case, to which I objected and she was asked to pay me a cost of Rs. 5000/- immediately afterwards, I got summons from Women cell. Now, while people in women cell have been treating me decently but I've not been shown the complaint nor told about its content. Though, it has been told to me that it is a criminal complaint. As such I've a strong case, and if contested in a court, I should be able to prove that my wife is lying but in general when my wife and her parents and brother misbehave with me in police station I'm told that they are sufferers being the family of a girl!...Interestingly, now my wife and her parents have started saying that good are the people who take all the dowry in one go...and not like us who demand again and again!...

In the marriage of seven + yrs I've lived with my wife only less than two years and last saw her in police station after a gap of more than two years. In between I've only interacted with her thru email or sms only, wherever I've confirmed to her several times that whatever things of hers that are with me are hers and if required by her could be collected anytime...

Please suggest what do I do now? Trust me, I write with utmost honesty and never in my wildest dream have thought of dowry or harassing my wife. In fact, in spite of all such villainy from their side I've acted with very high degree of patience!...I also have six yr old son, who she does not allow me to meet.

**Vanessa Murphy Kapoor**

I am writing to you because I have reached a desperate level and I have nowhere else to turn. My name is Vanessa Murphy Kapoor. I am an American married to an NRI. I have only traveled to India once, and that for less than 2 weeks. This trip was a happy occasion, one that allowed me to meet my husband's family and to get to know them and vice-versa. Since my departure from India my life has been a nightmare. My family and I have become victims of the rampant misuse of the 498A laws in India. My brother-in-law's wife and her family have falsely accused my family of some sort of abuse and are demanding obscene amounts of money to settle this fraudulent case. My 54-year-old mother-in-law has been imprisoned for over two weeks now and I have been told that she will remain there indefinitely. She is a diabetic widow whose health is failing. I must be quite frank with you, she is dying. I have been informed that the only way to get her out of prison is to settle with my brother-in-law's wife and her family. I have been told that if I do not do this, my mother-in-law could spend up to 3 years in prison for a crime she did not commit. She has been arrested and imprisoned based solely on the statements of a deceptive young woman who is looking only for

financial gain at my personal expense. There has been no investigation of any kind. No evidence to substantiate her fraudulent claims. It is simply her word. I ask you, what should I do? I have an attorney in New Delhi working on this case but I feel he may not be the best in this area because he seems to be continually blindsided by the other side. In the United States this type of activity is called extortion and I would be able to bail my mother-in-law out of prison while the charges were being investigated. I have been informed that in India people accused of 498A charges are "guilty until proven innocent". Do you have any suggestions on what steps should I take in this unfortunate situation?

Thank you for your time.

Sincerely,

**Sanil Sukumaran**

I was wondering whether you could send some information and details of the 498A of IPC. What your (NRI) rights are if you accused of it, what the procedure, etc etc. I and my relatives are currently being accused of the crime.

Any help in this matter is greatly appreciated.

I look forward to your reply

Is there a way out to fight against the IP 498 A when the gal brought this charge ? And it's false. Even after bringin the charge, the gals family are trying to negotiate and asking 4 lacks to have a one time settlement. But they did harshed my old parents and put them in jail for 10 days ..now I was thinking to fight against them but seek your advice on this as I am getting a offer from them. Do you think that court will cooperate with the wife rather than the husband ? found lot's of example but I don't know what to do. I just can't accept the humiliation that they did to my parents.

Sanjay Srivastava:-  
I am 37 years old and  
working as senior  
scientist at Indian Institute of Soil Science, Bhopal.  
This organization comes under Indian Councils of Agricultural Research.  
My higher education (M. Sc. and Ph. D) was from Indian Agricultural  
Research Institute, New Delhi.

I was married on 21 February, 1997. I have two daughters having age of 4 and 6 yrs.

On 25 December, 2003 my wife lodged an FIR at Gorakhpur,  
UP against me. She charged me of dowry harassment. However, unlike many  
other incidences, I was not arrested by the police. Instead police made a  
final report in which all the charges against me were found baseless.

However, my father in law approached the police for reinvestigation. In  
the reinvestigation also they did not file the chargesheet. But again there  
was third investigation and this time they have filed the chargesheet  
putting 498A and 3/4 DP act and issued a non bailable warrant against me  
on February 15, 2005. This I have come to know only 10 days back. I am  
regularly attending my office but so far nobody has come to arrest me.

Can you guide me as how I have to proceed. My lawyers are not guiding me  
properly. I want to have more interaction from you. On hearing from you I  
will tell you the entire story in detail. Please respond.

Yours faithfully

Rediff:-

False 498a is going on against me and  
parents since last 7 years(my age 36), it will go for  
another 4 to 5 years atleast. Fed up with court and  
law etc. Now I came across a lady. We like to stay  
with each other "Living together" relationship and  
fight 498a. What kind of trouble ex-wife and in-laws  
can create? What are the problems we might have to  
face?, how we can handle them?, New lady is ready to  
stay with me in living together relationship, till i  
get divorce and get cleared from 498a, whatever time  
let it take. She is ready to face all difficulty.  
However she prefer to have kids (my earlier marriage  
spoiled in just 20 days, so there are no issues from  
earlier marriage). Here I am very much concerned, what  
will be status of children?. Is it possible to give  
them name? So there education should not suffer?.,  
Before we proceed further , want to ensure kids will  
not get suffered?. How this can be done? What law says  
about this? does law understand living together  
relationship? how it will treat the same?

Vandana:-  
i would like to know what help you could render. i am a victim of this law and i am terribly annoyed to see how corruption and malpractice can destroy an entire family. Women were kept like queens, but it is they who opted for equality and dug their own grave. in this current setup women have to pay the price for having acted stupidly having to work both at home and at office. this i think has resulted in many a women's woes of adjustment problems. most of these cases are actually adjustment problems. women using this law to satisfy their ego for having failed at the altar of marriage is no justice, but this is what one can expect from a species on earth called female gender. mind it this comes from a female! i have seen the sufferings of both men and women. those of men in distress outweigh those of women in distress in failed marriages. problems of a failed marriage cannot be solved thus through courts but only by COUNSELING! this kind of approach only adds fuel to fire. so many men commit suicide as men are weak whereas women are not weak and they are strong to bear more hardships. moreover, these men are successful men in good jobs. point to note, you will never find a poor unemployed man involved in dowry case! why? i think the answer comes very loud and clear. such a man can never be blackmailed to pay the ransom these girls ask. nice way to make a fast buck i think. then, those who succeed in filing this case are only the ones with influence! what help can i expect from your organization? i will be so grateful if you could do something for me.

Suresh Dogra:-

A husband and his relatives can be monsters. Equally, a wife and her relatives, particularly parents, can be monsters.

We were a small happy family of four-I myself, my wife and my two sons. We are all short sized. I am just five feet and my wife is 4'10". My elder son is 5'2" and younger is 5'5". Ours is a cultured and educated family. We lay much stress on moral values and have absolutely no regard for money. I am a senior college lecturer in English, my wife is a housewife and my two sons are MBA.

We were a peaceful and happy family till my elder son's marriage in July 2003. My elder son is a Sales Officer with petroleum PSU IBP and is very well settled in his job. While selecting a bride for her, we made a grave mistake. We were swayed by the height of the girl who happens to be 5'5" tall. Actually, we thought that since our son was short sized, his children would also be very short if we found him a short wife. We ignored everything including the family background, education and culture of the girl. But we didn't know that we were inviting deep trouble for ourselves. Since my son's marriage, we haven't had a day's peace.

My son is posted at Ghaziabad where he lives with his wife and two children (male twins). I haven't visited him there even once. But my wife went to him for three days just after one month of his marriage when my newly-married daughter-in-law insulted her very badly. Thereafter, there was no question of our visiting them. My son was utterly helpless. We kept away from my son's family in the hope that it would help him make adjustment with his wife. But that was not to be. My daughter-in-law made my son's life miserable by humiliating and taunting him for his short height. She kept telling him repeatedly that she didn't want to marry an "incomplete" man but was forced by her father to do so. She kept throwing temper tantrums every now and then. My son holds a tough marketing job. He needs a peaceful atmosphere at home. But his wife made his life hell so that it began to tell upon his mental and physical health.

My daughter-in-law has low mental level and is very foul-mouthed. She uses very bad words for my son. And she is encouraged in all this by her father who keeps telling her to bully my son so that he remains under her thumb.

When twins were born to my daughter-in-law and son, we were very happy. But about three weeks back, she quarrelled with my son and went with the children to her parents' house at Chandigarh. My son is very upset because of the absence of his sons. This is just emotional blackmail of my son. Besides, we don't know what the next moves of my daughter-in-law might be at the instigation of her father. As to dowry, we have never demanded or expected any. I consider dowry to be a curse and a shame for Indian society. Moreover, if dowry were any consideration, we wouldn't have chosen a lower-middle class family for this kind of relationship when we had proposals from very wealthy families. If we were money-minded, we could have easily accepted proposals from serving girls. My son's father-in-law is also an employee and can't afford to part with money. So, dowry charge cannot be sustained against us unless the courts are bent upon victimising the boy and his family just for being a boy. Shouldn't a false accusation of dowry boomrang on the accuser? Is there no protection against harassment and blackmail for innocent husbands and their families?

My family has become a victim of a mistake made in selecting a wrong type of girl for my excellent son. Will you advise me if there is a way out of our predicament?

Swathi:-  
sir/ madam

I am a lecturer in Delhi University. My husband's bhabhi and brother are married from last 6 years and 8 months and have 5 1/2 yrs old son. They have been staying at different stations in this time span as my brother-in law's job is transferrable. My bhabhi's parents are very interfering. My mother in law on other hand is a respectful senior citizen, retired as a govt. school teacher and staying at her residence in Delhi from last 30 years. she's got two storied flat, where we (me and my husband) is staying from last 3 years. she is extremely helpful and supportive. In a recent quarrel between my bhabhi and her husband she demanded right in my mom inlaws property. when scolded by my brother in law, she took her son to karnal and filed a false FIR against her husband, motherinlaw and my husband that they beat her and ask for dowry.

Sir we are in great trouble as both my husband and his brother are in private jobs and mom in law is a heart patient. Her immature and childish behaviour has created unnecessary trouble in our happy family. Please advice me what to do. because both court case and settlement through money is not very much affordable by us.

Rajeev:-

My wife left me a year back on pretext of attending a relatives marriage to her parents house then she refused to come back she took all the valuables and even took the keys of locker. Later on she filed false complaint against me in Women's Cell and took all her possessions like furniture etc. and her parents demanded 5 lakh for settlement. When refused they threatened to file the case. We took anticipatory bail by paying Rs. 1 lakh. Now they filed the complaint in other Women Cell and the case is being sent in the court under section IPC 498A. The IO asked for compromise but her parents demanded 5.5 lakh now. The IO suggested that he will final this to 1.5 lakh. But our family has decided to contest the case. Please suggest what should we do and whether we are doing right by deciding to contest the case.

Kamaldeep Singh:

I, Kamaldeep Singh got married to Manik Deep Kaur, daughter of Shri Brij Mohan Katyal, resident of A-2 B/158 A, Ekta Apartments, Paschim Vihar, New Delhi – 1100 63. on September 25 - 26, 2004 and left for our honeymoon to Singapore from September 28 – October 04, 2004. But my wife left our house and went to her parent's house on October 27, 2004, barely a month after the wedding, without informing anyone and refuses to come back and does not want to continue with the marriage alleging that our natures are very apart, while I am very simple and herself very active and fun loving. She tells me that I am of reserved nature and does not talk much and does not take her out every day.

My wife, earlier also left our house on October 17, 2004, barely after 22 days of marriage and after much persuasion we brought her back on October 19. We kept asking her if everything is OK to which she said yes.

I took her out several times between October 5 – October 26, 2004 and the entire family made every effort to keep her comfortable and happy. But on October 27, 2004, she went to her office and never came back leaving all of us shocked. She also took some of her clothes and the gold jewellery given to her by her parents as well as the jewellery that was given to her by us.

All our efforts to talk to the girl and her family to solve the problem have failed and have gone in vain. The girl's family has made no effort whatsoever to resolve the issue and whenever we tried to talk to them, we were abused & humiliated by the girl's parents (Mr. Brij Mohan Katyal and Mrs. Jasbeer Kaur), elder sister (Mrs. Jasmine Kaur) and brother-in-law (Mr. Raminder Singh).

The girl's family told us that they don't want to continue any relationship with us and asked us to return the items given to us on the wedding. We told them that they could take the items back whenever they want but requested them to meet and make efforts to resolve the issue but they refused to do so. We told them to take the items back but also requested them to give us an acknowledgement receipt of the same to which they bluntly refused. My daughter-in-law's elder sister, Jasmine Kaur came to our house and took back few items including a colour television set, girl's clothes, seven bed sheet sets and a dinner set back without giving the receipt. On requesting for the receipt for the same, she bluntly refused and threatened us with dire consequences.

A few days later, the girl's father called up and told us that he will be sending someone to collect the remaining items – One Double Bed with side tables, One Dressing Table, One 5 seater sofa set, One washing machine and One refrigerator, and we should hand over the items to the person. My father told him that he should come and collect the items himself and give us the acknowledgement receipt of the same but the girl's father refused to do so and disconnected the phone.

After much persuasion, the family agreed to talk to us to chart out the further course of action. My father along with a few relatives, (three uncles) went to the girl's house to discuss the things where the girl's parents, her elder sister- Jasmine Kaur and her husband Raminder Singh were present. The family told them that there are no chances of reconciliation. Mr. Raminder Singh, on behalf of the girl's parents told us that the girl will not come back and demanded Rs. Six lakh as compensation of their expenditure on the wedding. He also threatened us with dire consequences if we fail to pay the amount. Mr. Raminder Singh threatened us that his father is an advocate and that they can lodge any kind of complaint against us ensuring that our entire family goes behind the bars.

On February 10, 2005, we also filed a petition in Delhi Commission for Women whereby we have requested the commission's intervention to solve this problem and to convince my wife to return to our house. We have also requested the commission that we want to return all the items given to us by the girl's parents on my son's wedding provided the girl's family gives us an acknowledgement receipt for the same and have requested the commission to facilitate the same under its supervision.

The commission had fixed February 24, 2005 as the date for hearing of our petition. A notice was also sent to the girl and her family for their presence but neither the girl nor her family attended the hearing. Following this, the commission has now fixed March 10 as the date for the next hearing.

Keeping in view the developments till date, we apprehend the following –

That the girl, her parents, her elder sister Jasmine Kaur along with her husband Raminder Singh may further harass us and may file a false cases or complaints

against us.

That the girl, her parents, her elder sister Jasmine Kaur along with her husband Raminder Singh may try to harm me or my family physically.

What do we do ?

Kamaldeep Singh

My elder brother got married on 25th Nov. 1997 at delhi, with a girl residing at Sarojini Nagar Delhi. After marriage they were living at our present house at Sahibabad, UP (NCR). Soon it was discovered, that his wife was not normal in behaviour. When it was conveyed to her parents, her mother instantly, accused of mental torture. Then after all the talks for a productive outcome failed. Her mother kept on threatening of legal cases for harassment. On 2nd January 2000, my brother separated from the house and started living with his wife at Badarpur Delhi. From then our family never interacted with that lady and her family. My brother use to meet us 1/2 a month, but his married life was still in deep mess. His wife use to visit her parents at Kolkata, for as long as they wished. My brother was left alone to go through the hell of life. On Nov. 14th 2004, his wife left house with her mother for kolkata. On 14th Feb 2005, she came back with her mother and took her jewellery and other items in absence of my brother and again left for kolkata. My brothers house owner told this matter to my brother. My brother filed a police complaint, but police didn't make FIR. Based on the complaint my brothers lawyer, sent notice to the SP, DSP of Her residential area at Kolkata. He also Filed a divorce Suit at Tees Hazari. He also posted notice to the Police stations at Badar Pur and Sahibabad, informing them of the matter and of the divorce suit. In between brother tried to talk to his wife, but her mother never allowed. She instead told my brother to give her divorce. She started saying that our entire family tortured her for this entire 7yrs.

I don't know, if my brother is in proper way or something is still left to be taken care for.

My father is 80yrs. old and is sick for last 10yrs. My mother is also very old and sick. I don't know how to defend my family, if anything is fabricated against us. Please provide me information, and suggest me help.

My Age old mother was in jail, without any mistake/guilty. she can't walk without others help, can you think she will beat someone.

My 7 month full pregnant sister was jailed, even she was not staying with us, and hardly visit us once in 3/4 months, but police showed no mercy they dragged her to police station. My Sister in Law who was staying with us, having 3 months old breast feeding daughter and Law has shown no sympathy Even on that innocent child just because her mother was named in my wifes False IPC - 498a.

There was no Enquiry or investigation, police took everyone, and dumped in jail for no reason. just because we found out my wifes Extra marital affair.

My case is going on for last 6 years, but my wife never turned up once to the court, If she was right why she is not coming to the court. and judge is not ready to drop the case when this is non compoundable.

Do you think this 498a (IPC) is protecting women.

To protect one women, this law harass and victimise many other women. Even that women is wrong. still Law support her.

Sooner or later this Law will break indian Family system, make more single parents and Bastard childrens by harassing age old parents and other innocent women
